REPORT OF FIRE WARDS.

To the Citizens of Ashland:

We, the Fire Wards of your town, are pleased to make our return for the year ending February 15, with so small an amount of danger done by fire and water.

The past year has been the banner year since we have had our water works. Our department has had only three calls during the entire year. Two of them were chimney fires with no damage, and one was at R. H. Spaulding's with a damage of about \$25.00, which was paid in full. The fire caught in the ell part of the house and by prompt action of Mrs. Spaulding, who used a small chemical, was extinguished before the Department arrived.

We have added to our equipment two 3-gallon chemical fire extinguishers, and six more fire alarm boxes. We know of no reason why our town is not well equipped for fighting all kinds of fires. The present year we think there should be added a few lengths of new hose, as some of it is getting old and liable to play out, after having been used ten years.

Hoping we may be as fortunate in the coming year, we are

Yours truly,

The water has been analyzed several times during the year from the pond and taps in the village and reported in good condition. The supply in October was the lowest that has been since the water works were established twelve years ago, since that time it has been slowly gaining. The supply is controlled by 10-inch gate at pond, thus keeping reservoir full all the time.

The pond could be raised about two feet at an expense

of \$50.00 or less, and have a larger body of water to draw from in a dry time or the gate may be lowered and draw more than can be done at the present time. Two services have been dug up and replaced with new on account of filling with sediment which retarded the flow.

Thanking you all for your courtesy and especially the water takers for their kindness, I remain

Yours respectfully,

E. W. SANBORN, *Superintendent.*

REPORT OF BOARD OF EDUCATION.

SCHOOL DISTRICT NO. 1.

The past year we have had thirty-six weeks of school. The high standard of our school has been maintained and harmony has prevailed throughout. Last June fourteen pupils graduated with honor from the ninth grade.

During the year one room in the school building has been furnished with new desks and seats, clocks have been placed in every room, a fire extinguisher on every floor and four dozen folding chairs have been furnished for the accommodation of visitors. The building is fast filling up so that the question of more room must soon be faced.

The registration follows:
